

### Registration Fees:

Scientists/ Teachers : ₹ 1200/- (before 30.10.2017; ₹ 1500 on spot)

Research Scholars : ₹ 800/-

The registration fee includes the conference material, attendance to the sessions, meals during the conference and certificates.

The demand draft should be made in favour of 'Banasthali Vidyapith' payable at Jaipur. For online transfer, the NEFT details are as given below:

Name of Account : Banasthali Vidyapith  
 Name of Bank : State Bank of India  
 Branch : Banasthali, Tonk  
 Address : Village and post office Banasthali,  
 Tehsil-Newai, Raj:- 304022

Saving Bank A/C No. : 32132800012  
 Branch Code : 15363  
 MICR Code No. : 304002502  
 IFSC Code No. : SBIN0015363  
 RTGS/NIFT : SBIN0015363

Please send the photocopy of Transfer Slip with UTR No. at  
 'ncbbcb2017@gmail.com'.

### Accommodation

Those who prefer to stay in Hotels should make their own arrangements. The accommodation in the Banasthali guest house (subject to the availability) may be provided to the participants on payment basis as per the following charges:

Dormitory : ₹ 200 per bed.  
 Deluxe Dormitory : ₹ 500 per bed  
 Superior room : ₹ 600 per day  
 Deluxe room : ₹ 800 per day  
 Super Deluxe room : ₹ 995 per day

# National Conference on Basic Biology is the Core of Biotechnology

(NCBBCB-2017)

October 30 - 31, 2017

Organized by  
 Dept. of Bioscience & Biotechnology  
 Banasthali University  
 P.O. Banasthali Vidyapith  
 Rajasthan- 304 022, INDIA  
 website: www.banasthali.org

## National Conference on Basic Biology is the Core of Biotechnology (NCBBBCB-2017)

Dear Colleagues and Friends,

We are delighted to inform you that the Department of Bioscience and Biotechnology, Banasthali University is organizing a National Conference on, 'Basic Biology is the Core of Biotechnology'.

### About the Conference

Basic Biology provides an understanding about the living organisms and their interaction with the environment. The conference proposes to focus as to how the basic concepts in Biological Sciences have gradually matured and led to the emergence of their wide applications in human welfare. Consequently the last 3-4 decades saw how the understanding of the basic principles of modern biology laid the foundation for the rapid rise of Biotechnology as an industry which attracted entrepreneurs in India and across the globe. It is a prime sunrise industry of today with thousands of billions of dollars of investment and tremendous scope for future growth and expansion.

As Biotechnology is an interdisciplinary subject which draws the knowledge from various areas in Biological Sciences, we do not wish to restrict the conference to just one or two specializations but plan to make it open to the researchers who used the fundamental knowledge in applications. Thus

the conference would accept research contributions from all the three major sections in Biological Sciences, viz.:

- Animal Sciences
- Microbial Sciences
- Plant Sciences

In addition to oral presentations and poster sessions, there would be plenary and invited lectures by senior scientists and panel discussions on the emerging themes. The main idea of the conference is to highlight and reemphasize the significance of Basic Biology. The conference would provide an exciting platform for discussions and exchange of scientific ideas amongst the participants – the young researchers as well as senior scientists – some of them may eventually lead to fruitful collaborations and new concepts. This conference would provide all the participants with ample opportunity to either contribute in the scientific sessions or attend a number of outstanding key messages and invited lectures.

### About the Institute

Banasthali Vidyapith, world's largest residential women's university was founded by (Late) Smt. Ratan Shastri and (Late) Pandit Hira Lal Shastri on October 6, 1935 to fill the vacuum caused by the sudden demise of their highly talented and promising daughter Shantabai. On October 25, 1983 the Government of India, on the advice of University Grants Commission, New Delhi notified Banasthali as an Institution deemed to be University.

With a total strength of around 15,000 students, the Institution aims at the amalgamation of spiritual values and scientific achievements. The University has over 30 teaching departments. The institute offers several programmes from nursery to doctoral level, which include advanced courses at undergraduate and postgraduate levels in the new emerging areas of management, engineering, biotechnology, bioinformatics, computer science, electronics, aviation, design, journalism and mass communication besides various courses in humanities, social sciences, home science, education, fine arts and music.

### About the Department

The Department of Bioscience and Biotechnology has been a fountain head of research and teaching activities aimed at multi disciplinary understanding of modern Biology. With a faculty strength of around 35, the department offers PG programmes, i.e., M.Sc. in Biotechnology, Bioinformatics, Applied Microbiology & Biotechnology, Bioscience and, M. Tech. in Biotechnology and Bioinformatics. In addition, UG programmes leading to B.Sc. Bioscience/ Biotechnology and B.Tech. Biotechnology degrees are also offered. There are around 50 Ph.D. students in the department pursuing research in various disciplines of Biotechnology, Bioscience and Bioinformatics. We also have a DBT, Govt. of India supported Centre for Bioinformatics and a DST FIST Programme. The department has contributed 325 research papers in Scopus indexed journals in the last five years with an *h*-Index of 27.

### Specifications for Poster

Posters will be displayed for the conference according to set up times. The ideal poster size should be max. 100 cm high x 75 cm wide. Fasteners (double sided tape)/ pins will be provided at the site.

### Eligibility:

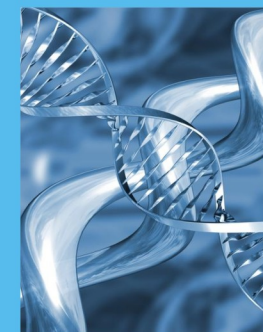

The conference is open to the teachers in colleges and universities, scientists and research scholars.

### Call for Papers:

The scientific programme committee invites you to submit abstracts for oral and poster presentations during different sessions of the conference. The abstract must be submitted electronically/ by post to the Organizing Secretary, email: ncbbc2017@gmail.com. Prospective authors should submit an abstract (A4 size, text font size 12, Times New Roman, 1.5 line spacing) through email before September 30, 2017. The abstract should not exceed 300 words. The title of the abstract should be typed in font size 14. The complete postal addresses of the authors along with the email address of the corresponding author should be provided. The name of the presenting author should be underlined. It is proposed to publish proceedings of the conference containing a selected number of full papers. Full papers should be submitted before October 20, 2017.

### How to Reach Banasthali:

Banasthali is located 72 km from the Pink City Jaipur, 8 km off on Jaipur-Kota Road. Frequent bus service is available for Banasthali University campus/ Newai from main Bus Stand (Sindhi Camp) Jaipur. Newai is 10 km from Banasthali. The conveyance will be available at Banasthali-Newai Railway Station (WR, Jaipur-Kota Broad-gauge Line). Jaipur (Sanganer) Airport is 59 km from Banasthali.
